REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on an amendment to the Code of Fair Competition for the Wood Turning and Shaping Industries, which has been submitted in accordance with Executive Order No. 6678.

This amendment enables the Code Authority to incur such reasonable obligations as are necessary to support the administration of the code and to maintain the standards of fair competition established by this code. It also enables the Code Authority to submit an itemized budget, and an equitable basis upon which the funds necessary to support such budget shall be contributed by the members of the industry. Such contributions are made mandatory by this amendment.

The Deputy Administrator in his final report to us on said amendment of said code having found as herein set forth and on the basis of all the proceedings in this matter:

We find that:

(a) The amendment to said code and the code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation sub-section (a) of Section 3, sub-section (a) of Section 7 and sub-section (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the industry as a whole.

(d) The amendment and the code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons this amendment has been approved.

For these reasons this amendment has been adopted.
For the National Industrial Recovery Board:

G. A. LYNCH,
Administrative Officer.

OCTOBER 19, 1934.

(b) To submit to the National Industrial Recovery Board for its approval, subject to such notice and opportunity to be heard as it may deem necessary (1) an itemized budget of its estimated expenses for the foregoing purposes, and (2) an equitable basis upon which the funds necessary to support such budget shall be contributed by members of the Industry;

Approved this 26th day of January, 1934.
